

OREGON'S U. S. POLICY STUDIED

President-Elect Said to Appreciate Need of American Assistance.

WASHINGTON, Sept. 7.—State department officials are interested in learning the attitude of President-Elect Oregon toward foreigners, especially Americans, after he takes office. Already a careful study has been started of his public speeches, which thus far, it was said today, had indicated that he is a careful student of the situation and that he is not likely to be swayed by the propaganda of the extreme right or left.

Mr. Oregon's revolutionary success was attributed in part by officials here to a widespread feeling in Mexico that the United States was not serving the best interests of the country. While Oregon's policy may seem to be a reversal of the policy of the United States, it is said, it is a policy that only by rehabilitating and allowing Mexico and the United States to resume economic activities can Mexico attain any real degree of betterment and independence.

Fear of a reaction in Mexico against a more friendly policy toward the United States is regarded by state department officials as wholly unfounded. All Americans who have dealt with Mexicans as workmen have reported, it was stated, that there is no real anti-American sentiment among the rank and file of the Mexican people. The only recent outbreaks against the United States were the result of a newspaper campaign in which much talk, characterized by officials as "irresponsible," played a part. This included charges that American interests in Mexico were active in Mexican politics.

The department has full reports on the newspaper campaign and investigation is said to have shown American interests, oil, mining or agriculture, have been doing no more than complying with their obligations. As long as the present laws are not being enforced in any improper activities, it was added, they are entitled to and will receive the protection to which they are entitled under international law.

Mexico can not take exceptions to this, officials said, as no nation, except Bolivia, Russia, ever takes exception to such a course. Mexico recently sought protection of its nationals in this country when, during the European war, they were caught in the draft through error or through an excess of zeal on the part of local authorities, it was pointed out.

SERIES OF SINN FEIN OUTBREAKS PREDICTED

LONDON, Sept. 7.—The Daily Mail says it has learned new activity has been noted among certain well-organized units of the Sinn Fein republican army. It is believed in official circles, the newspaper adds, that a new series of armed outbreaks has been planned and that it has been considered likely these will begin about Sept. 25.

The same newspaper asserts that after the government's definite refusal Friday to release Lord Mayor MacSwiney, his friends in London addressed an urgent petition to the "republican government" in Ireland asking that the lord mayor be released from his oath and permission be given him to take food.

WILL LIST AGENCIES.

A directory of the authorized social agencies in Memphis is to be published soon, in which the purpose of each of the organizations is to be disclosed, according to the social agencies committee of the Chamber of Commerce. Since the organization of the committee a year ago, there have been 17 social agencies endorsed by them, exclusive of special campaigns, which will expire in November of this year.

FILES BANKRUPTCY PLEA.

A petition of bankruptcy was filed in the federal court Tuesday by R. W. Rushing, of Big Sandy, Benton county, Tenn., who estimated his liabilities at \$245, with no assets.

MARRIAGE LICENSES.

Malcolm Eugene Driver and Sarah Lillian Spence, Fred Blount and Marie Cunningham, Frank West and Gusie Lowe, John O'Neill and Eliza Morgan, Ollie Smith and Betty Brown, Henry Fowler and Albert Small, Wiley Williams and Susan Brown, Goldy Harvey and Edna Gray, Fred Tobey and Julia Hooker, Albert Taylor and Janie Murphy, Oscar Gill and Hannah Decker, Randolph T. Wright, John Taylor and Susan Wade, James L. Kelly and Savannah G. Malone, Lillard Shipp and Gladys Cox.

BIRTHS.

Christopher and Emilia Gianini, 127 East Iowa, Aug. 30; boy.
John T. and Florence Maginnis Walsh, 434 1/2 North Seventh, Sept. 2; boy.
Edward Watkins and Emma Larry Stanford, 519 Park, Aug. 30; boy.
Avery E. and Nellie May Lewis, 1555 Southern, Aug. 31; boy.
Charles J. and Hilma W. Larsson, 1384 South Wellington, Sept. 2; girl.
Claude and Lula K. Sutton, 958 Florida, Aug. 28; boy.
Henry and Anita Apolloni, Baptist Memorial hospital, Aug. 31; girl.
Randolph T. and Strickland, Baptist Memorial hospital, Aug. 31; girl.
James M. and Anna Lou Elkin, Baptist Memorial hospital, Sept. 2; boy.
Bertram J. and Nellie Osborn, Baptist Memorial hospital, Aug. 31; girl.
Lee R. and Louise Baggett Thompson, 365 Harvard, Aug. 29; girl.
Rufus M. and Nettie Cook Taylor, St. Joseph's hospital, Aug. 26; boy.
William F. and Virginia E. Clements, St. Joseph's hospital, Aug. 30; girl.
James J. and Annie Wilcox Newton, 223 Lacey, Aug. 29; girl.
Dudley D. and Irene D. Chapman, 2075 Leabody, Sept. 1; boy.
Johnnie and Bennie Battle, General hospital, Sept. 2; girl.
Mose and Ellen Keeden, General hospital, Aug. 29; girl.

DEATHS.

Edward Weaver, age 8 months, 73 Bell Line, Aug. 30; choking cough.
Sam Givens, age 41, 1957 Delaware, Sept. 5; malaria fever.
Martha Roberson, age 47, 320 North Third, Sept. 2; mitral insufficiency.
Alice Boyd, age 49, 1124 Pearce, Sept. 1; paresis.
Charlie Saunders, age 34, 374 Ashland court, Aug. 28; unknown cause.

What Are You Doing for Your Rheumatism?

Here is a man who believes that an ounce of prevention is worth a pound of cure. Had he allowed his rheumatism to become chronic serious complications might have come on. From the tone of his letter we imagine the family had tried other remedies without results. The letter follows: "I am actually surprised at results my wife received from Kirk's Rheumatic Remedy, and if I did not pass on to other people the good Kirk's Rheumatic Remedy has done my wife, I feel I would be shirking my duty. I have lived in this country all my life and so I am glad to recommend it to everybody. My son who had been helped by Kirk's Rheumatic Remedy advised my wife to try this medicine. She has finished her second bottle and now is improving every day. She is so very much better that she has gone on a visit and writes me that she is feeling fine and that she gives Kirk's Rheumatic Remedy credit for all." J. E. Mathews, Columbus, Miss.

Kirk's Rheumatic Remedy works wonders right along. It is also used in the treatment of painful or aching joints, lumbago, neuralgia and chronic headaches. Sold on a positive guarantee of your money back if not benefited.

This same guarantee applies to Kirk's Vigorone, a fine tonic; Kirk's Cough Syrup, Kirk's Chili Tonic, Kirk's Sarsaparilla Blood Purifier and Kirk's Liniment, made by Kirk Chemical Co., Memphis, Tenn. Sold by druggists everywhere.

Reorganize County Council To Combat Decline In Prices

At a mass meeting of the farmers of Ohio county at Union City, it was decided to reorganize its county council of agriculture to combat the ever-decreasing prices being paid for foodstuffs raised on the farms of that locality, according to C. W. Watson, farm adviser of the Memphis Chamber of Commerce. Fully 1,500 farmers were in attendance.

CORN CROP WILL BE HEAVY, SAYS EXPERT

C. W. Watson, farm adviser of the Chamber of Commerce, who has returned from a trip through many of the counties of Western Tennessee, said Tuesday that the best corn crop in many years would be recorded for this district this year. According to Mr. Watson, there is hardly a bad acre of corn in the western district and land that has heretofore been counted as poor will yield between 25 and 57 bushels of corn this year. He said that the hay crop was also good and other crops were counted excellent.

Many of the farmers from all of the counties in West Tennessee have expressed their intention of entering exhibits of their corn in the Tri-State fair. Mr. Watson said that if the crop had not been as good as it is the corn crop would be one of the smallest at the fair, but as conditions exist at this time it promises to be one of the best to be seen in the agricultural hall.

TENNESSEE, ARKANSAS WAR VICTIMS BURIED

WASHINGTON, Sept. 7.—One officer and 45 enlisted men who died overseas were buried today with full military honors in Arlington National cemetery. The dead included: Corporals Robert H. Franklin, Lynchburg, Va.; Charles S. Walden, Millwood, Ga.; and Marvin J. Stansell, Early, Ga., and Privates Myrtle O. LaFourme, Amelia, La.; Ell P. McDougal, Stuttgart, Ark.; Lonnie Stephens, Kite, Ga.; Raymond C. Whitmer, Shreveport, Ark.; Walter L. Whittington, Sherman, Tex.; Amos Mack, Palatka, Fla.; Elton L. Edmondson, Petrolia, Tex.; and Joseph F. Hollis, Iron City, Tenn.

ANOTHER 24 POUND GAIN

Iowa Manufacturer Makes a Statement to the Public Regarding Tanlac.

"I have been benefited by Tanlac even beyond my belief and feel that it is time for me to talk for the benefit of others," said J. D. Wilson, secretary and general manager of the Algona Brick and Tile Co., of Algona, Iowa.

"For three years," continued Mr. Wilson, "I suffered from nervous indigestion and a general run-down condition. My stomach was too weak to retain enough of what I ate to keep up my strength and I gradually went down hill all the time. What nourishment I took soured almost at once, and gas would press up against my heart, causing palpitation, shortness of breath and intense pain. My kidneys were in bad shape and the small of my back hurt almost constantly. No treatment or medicine did me any good, and my weight all the time was worried for fear I would never be able to get well.

"Finally a friend advised me to try Tanlac, and it has not only relieved all my troubles entirely, but I have gained twenty-four pounds in weight and feel that I have been given a new lease on life. I eat anything now. Why, yesterday I ate steak and onions for dinner and it is nothing unusual for me to eat pork, cabbage and pastry and digest them perfectly. Tanlac has simply put me back in fine health and I am glad to tell the public what it has done for me, for many other people who suffer as I did may be relieved the same way."

Tanlac is sold in Memphis by the following agents: Warrack Drug Company, Wise Pharmacy, Doyle-Turley Drug company, A. Renkert & Co., two stores; L. H. Kilpatrick, Washington-Purdy; Moore's Pharmacy; Taylor & Taylor, three stores; Washburn-Lyle Drug company, C. O. Manning and Batters Pharmacy.

Disfiguring Growths of Hair Entirely Removed

(New Method Removes Roots and All)

If you are afflicted with a growth of superfluous hair, go to your druggist at once, get a stick of phenacetine, follow the simple instructions—and have the pleasant surprise of your life! With your own eyes you will see the hair come out, roots and all—quickly, easily, leaving your skin smooth and hairless as a babe's.

Phenacetine is not to be compared with the usual depilatory or electrical methods. It is now and different. It is odorless, nonirritating, and so harmless a child could safely eat it.

FRANCE ARRANGES TO PAY SHARE OF LOAN

NEW YORK, Sept. 7.—French government arrangements for repayment of its half of the \$500,000,000 Anglo-French loan due October 15—including public issue of \$100,000,000 of French government bonds underwritten by an American syndicate and \$150,000,000 in cash and gold arriving from France—were made public last night. The statement issued for publication said:

Maurice Cassagne, minister plenipotentiary, director general of the French services in the United States, and Jean Parmentier, special financial envoy from France to the United States, announced the French government has arranged for the repayment of \$50,000,000, being its one-half of the Anglo-French loan due October 15, 1932, of this amount approximately \$15,000,000 is to be taken care of by funds already in hand and by gold shipments from France. The remainder will be provided by a public issue of \$100,000,000 of bonds of the French government, to be underwritten by syndicate now being formed by J. P. Morgan & Co.

Carriers Seek To Apply New Charge For Switching Cars

Industries located on the tracks of the Mobile & Ohio and the Southern railway in Mississippi that furnish their own power for loading and switching cars at their plants, may be compelled to pay a charge of \$1 for each time they move a car from one location to another, either by gravity switching or other power, if a proposal of the carriers is adopted.

A hearing on this and other matters will be held before the Memphis subcommittee of the Southern freight ratemaking committee, Monday, at 404 Union and Planters Bank building.

Another evidence of the growing importance of West Tennessee as a center for the production of small fruits and vegetables is the application for a commodity rate on strawberries, preserved in juice, sugar or syrup, shipped in carload lots from Halls, Tenn., to Ohio river crossings, St. Louis and Chicago, based on the same rates now applicable to canned goods. Several hundred cars of strawberries were preserved last summer in West Tennessee to supply

the market for soda fountain syrups and fruit preserves. This matter is also docketed for the hearing Monday.

It is proposed to extend the transit privileges on cottonseed cake, ground in transit at Louisville, and reshipped to Eastern and Virginia cities, interior Eastern and New England points, so as to apply to cottonseed cake drawn from west of the Mississippi river moving through Memphis.

Revision of the rates on live stock from Clarksville, Tenn., to Memphis, making the rate the same as at present in effect from Princeton, Junction, Tenn., is another matter up for consideration by the committee.

A reduction on the blackstrap molasses rate, shipped in tank cars from Memphis to Shelbyville, Tenn., from 40 cents per hundred pounds to 33 cents per hundred is proposed. This is on the basis of 6 1/2 cents per hundred pounds less than the present rate from New Orleans to Shelbyville.

Altogether, there are 127 cases on the docket for Monday's hearing, but only a few of the cases apply to local conditions.

MADE BY SCOTT & BOWNE

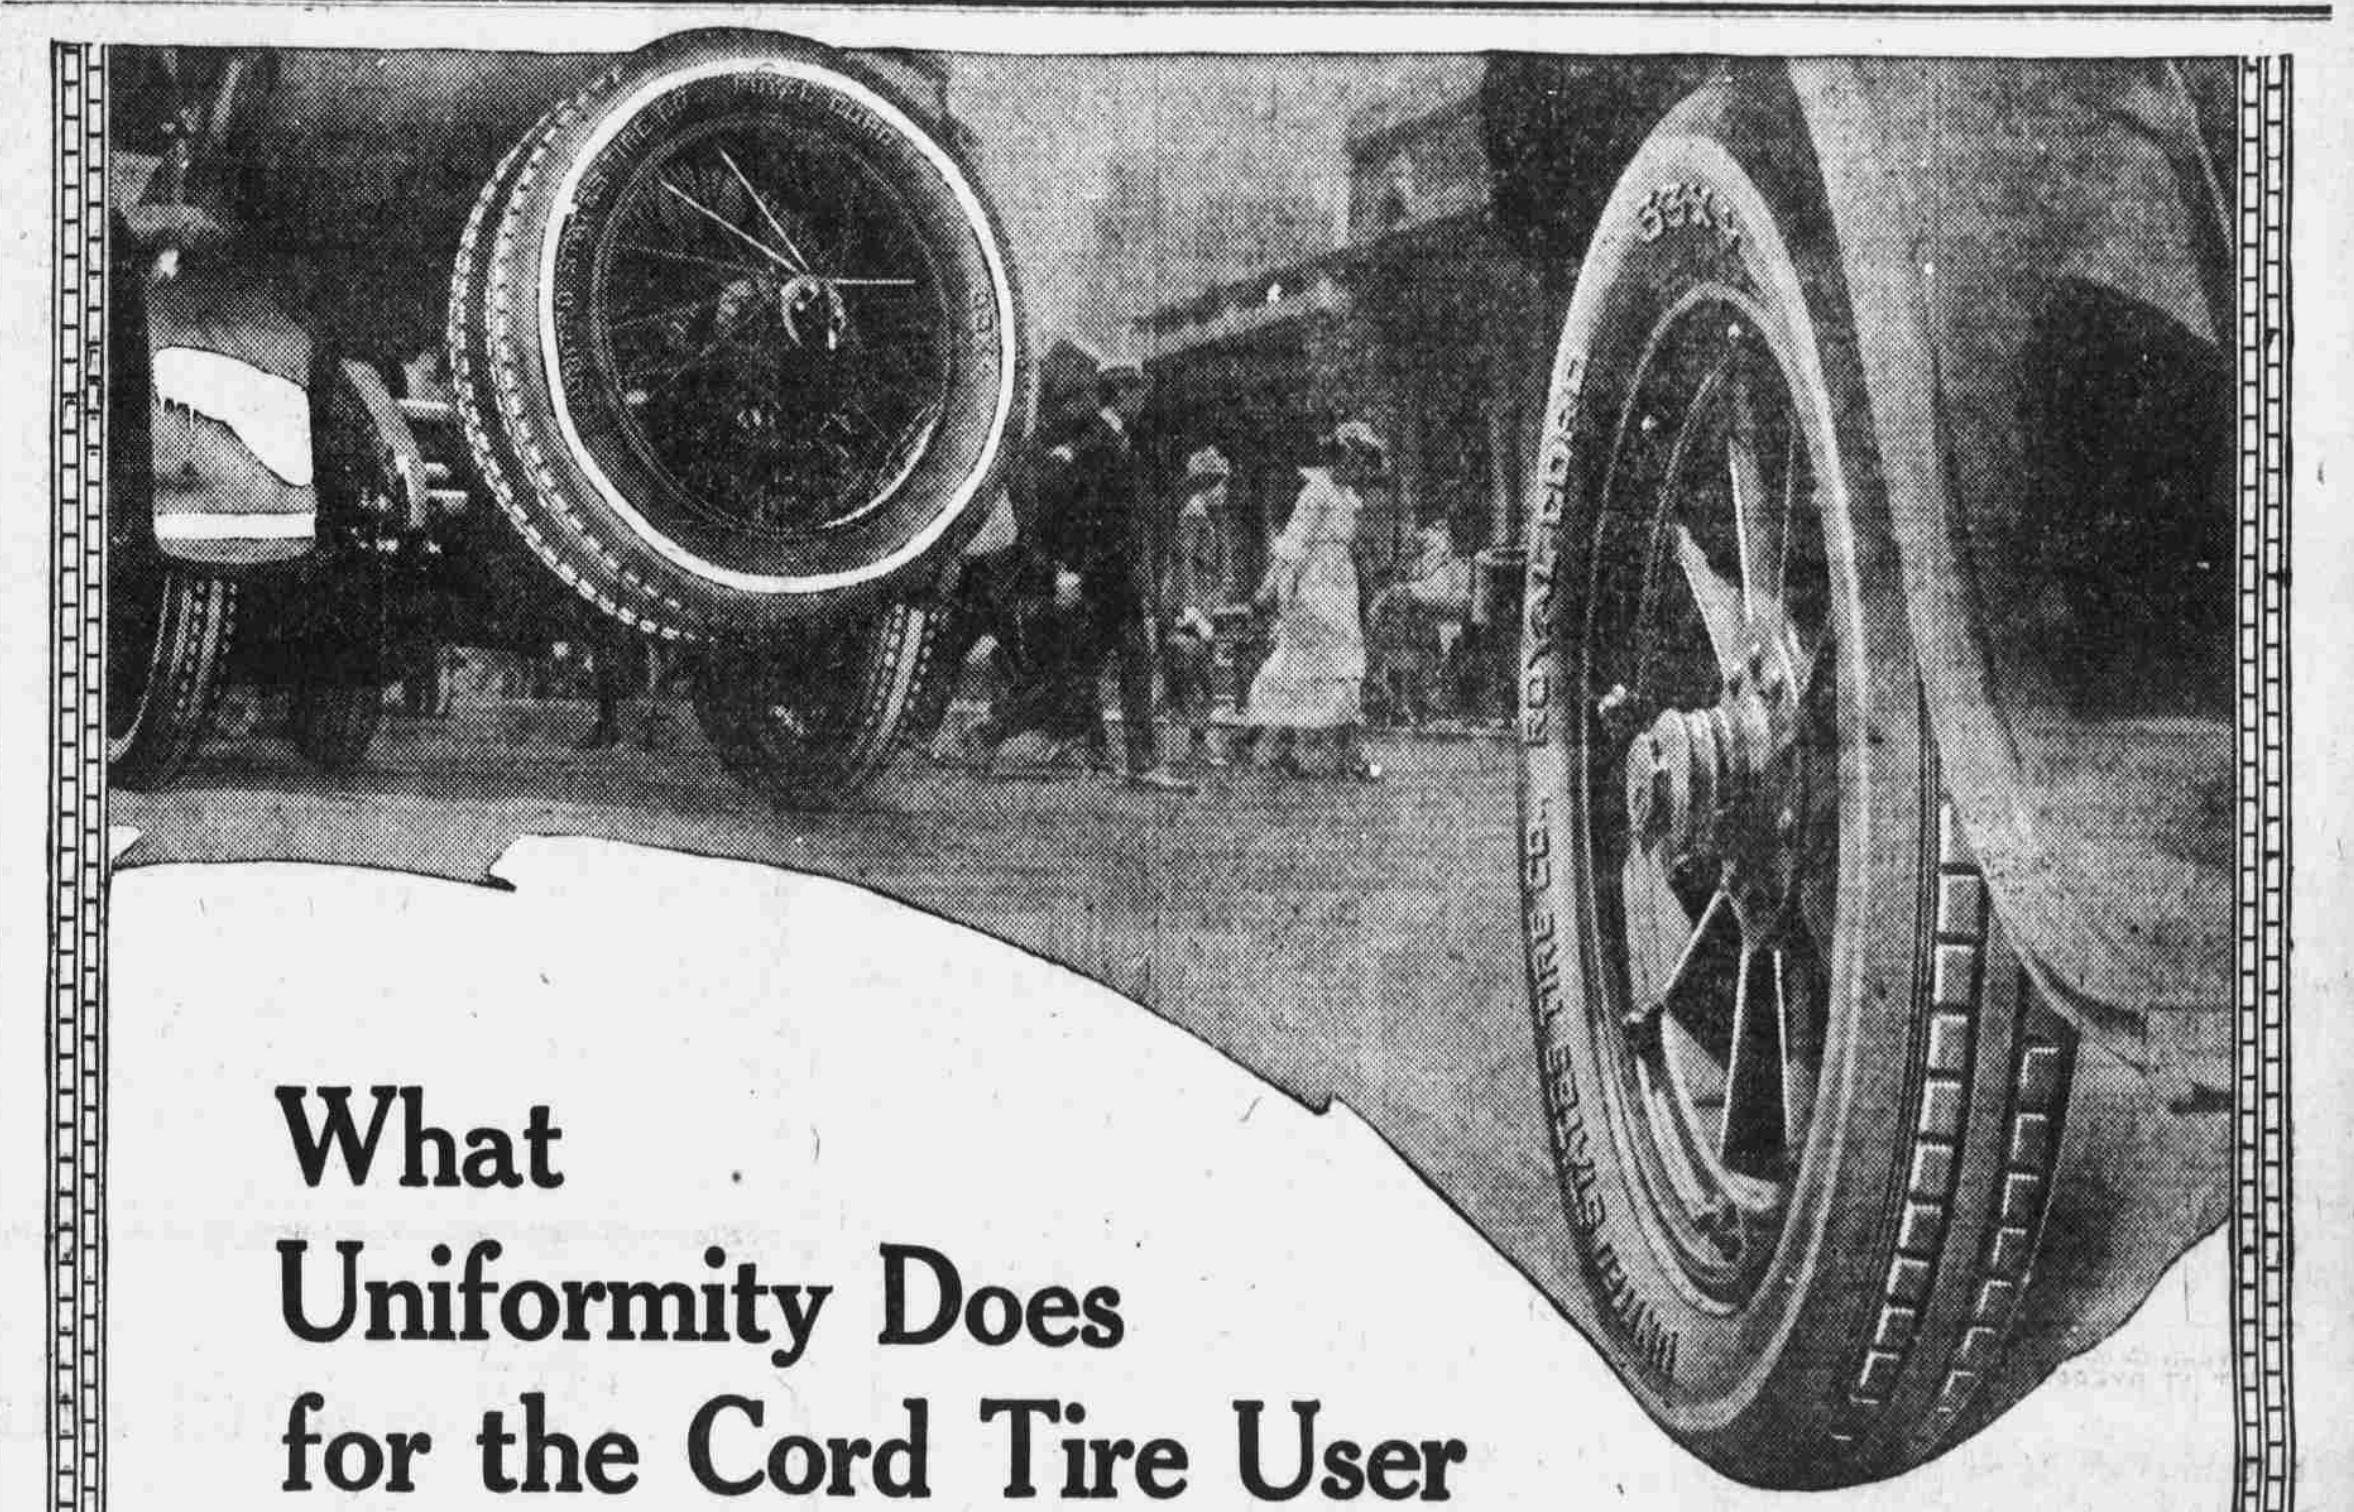

MAKERS OF SCOTT'S EMULSION

A Simple Way to Remove Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid avon from any drug store (this is all you will need); apply it at night, when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single grain and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

What Uniformity Does for the Cord Tire User

If anyone asked you what uniformity in tires meant, you would probably say—getting the same repeated economy tire after tire and season after season.

There you would put your finger on the most vital thing about cord tires.

Give the cord tire user uniform performance and you give him one hundred per cent of the cord principle.

Leave quality to accident and the result is different.

People will tell you that the United States Rubber Company has been making cord tires longer than anybody else. Since 1903, when one of its factories created

the first automobile cord tire ever made in America.

But the outcome has gone far beyond the cord idea, great as that is in itself.

The United States Rubber Company laid down the most rigid manufacturing code that any tire has ever been submitted to.

Going into the jungles of Sumatra and developing 100,000 acres of rubber lands, which include the

largest rubber planted area in the world. Starting uniformity right at nature's source.

Erecting a fabric mill devoted exclusively to cord fabric. Manned by specialized employees working with selected mechanical equipment from threshold to shipping platform. To make all U. S. Royal Cord fabric uniform.

U. S. Royal Cord Tires occupy a peculiarly separate position in today's vast tire market.

They are more sought-after than sold.

For their makers are more interested in protecting the cord idea through uniformity than they are in selling the name of a thing without its economy service.

The car owner who seeks United States standards in tubes is well paid in more mileage for his tires. U. S. Red Tubes, U. S. Grey Tubes.
